Reading a planning certificate

A section 10.7 planning certificate is the council's official summary of the rules on a property. Part (2) holds the information every certificate must include; part (5) adds the council's further advice. Find these on it.

- ☐ The date it was issued: it is a snapshot, and rules can change after it.
- ☐ The planning instruments and DCPs that apply, including any draft changes that have been exhibited.
- ☐ The zone, and what is permitted with consent, without consent, and prohibited.
- ☐ Whether complying development can be carried out on the land, and if not, why not.
- ☐ Heritage: whether the land is a heritage item or in a heritage conservation area.
- ☐ Flooding: whether flood-related development controls apply.
- ☐ Bushfire: whether the land is bush fire prone.
- ☐ Land reserved for a public purpose, such as road widening.
- ☐ The contributions plans that apply.
- ☐ In the (5) advice: anything else the council holds, such as contamination history or tree rules.
